Create a Pic Collage sharing at least 5 new facts you have learned about the rainforest. Include pictures for each fact.

Learn about the many different features of the rainforest such as the layers, animals, plants, and people. Also, track the production of some everyday foods from the forest to the table.

Pick an animal from the rainforest and research about it. Create an Adobe Spark Video to share with the class.

Include pictures of the animal, the layer of the rainforest it lives in, what it eats, the type of rainforest (tropical, temperate, etc.) it lives in, and what countries/continents it lives on. Include any other fun facts or characteristics about your animal.
